THE CENTRE HISTORIQUE MINIER

Located at the entrance to a former pit, the Centre Historique Minier is the largest mining museum in France. It attracts some 150,000 visitors each year as a remarkable site in the Mining Basin listed as UNESCO World Heritage.

Operating from 1931 to 1971, this coal mine still features original buildings including the bathroom, lamp store, stables and mining machinery, all fully preserved.
An exciting visit to an industrial site in northern France.

EXHIBITIONS AND THE HISTORIC BUILDINGS*

±1h

The mine is not just about underground work, quite the contrary... major exhibitions take you on a unique adventure on an industrial and human scale, recounting how the coal got there in the first place, major events in mining history or how miners used to spend their free time.

The exhibitions are illustrated by hundreds of items and archival documents from our collections and immerse you in the exciting world of mining.

Meeting a former miner*

Former miners with first-hand experience in mining hold conferences* to talk about their career and memories.

*Only in French

In 2020, opening of the new interactive space **MINE ENERGIES**

An exhibition to learn all about the energies of yesterday, today and tomorrow!
