THE DELLOYE PIT, HISTORICAL MONUMENT

Located on a former coal-mining pit, the Historical Mining Centre is now a major tourist and cultural site in the Hauts-de-France region, bearing witness to an exciting human and industrial adventure. It has been recognised as a remarkable site within the Mining Basin, listed as a UNESCO World Heritage Site.

In the original Delloye pit buildings, clothes hanging in the bathroom, hundreds of authentic lamps and the imposing coils of the mining machine all come together to immerse you in the world of the mine.
